

Content Creation

for LinkedIn with Chatty

Creators!

Sushma

Anca

Alex

Why this project?

Many people find it difficult to create **consistently engaging** content that resonates with **their audience**.

Knowing **what topics** to post about, **how to phrase** it, and **when to post** can be overwhelming.

Chatty's data is based on...

70

users

2,700

posts

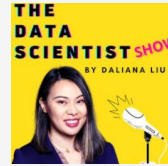

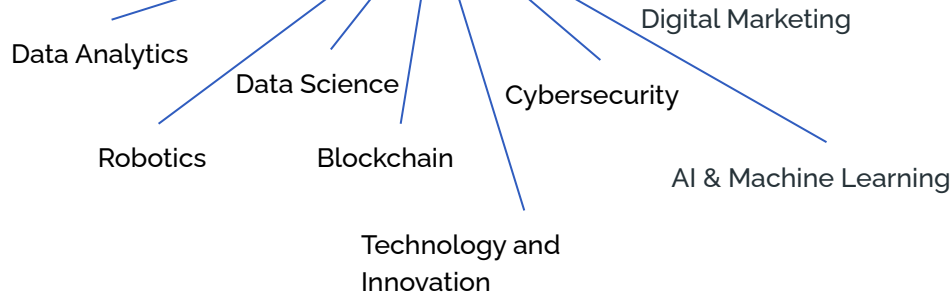

6

Months

8

fields

Data Science

Daliana Liu

Data scientist and creator of "The Data Scientist Show" podcast, Liu interviews industry leaders to provide insights on data science, engineering, and career advice.

Chatty is helping!

01

Topic

What do you want to talk about?

02

Tone

Tone makes the music

03

Audience

Employees, founders, recruiters, students

04

Image Finder

Find an image that supports your content

05
